

Manual Testing

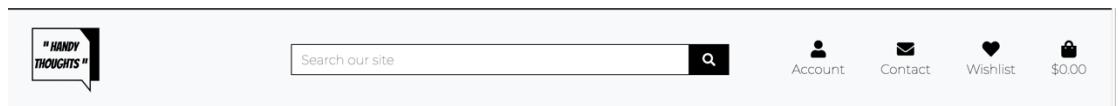

Have a user-friendly B2C website to boom the sales, and also bring great functional designed journals/planners to the users who need them. The B2C model makes the display and purchasing more convenient. As a niche, it already contains a wide range of users. It'd be nice to get their attention and have the sales take off.

Header

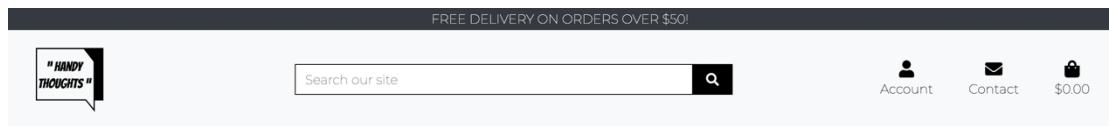

Navbar

- Expectation: Display on every page. On a smaller screen, the icon and the other options will be toggled in a burger button on the left top.
- Test: Visit every page on different sizes of screens.
- Result: Worked as expected.

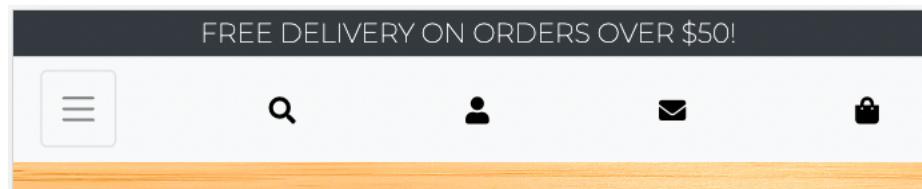

Navbar – Login:

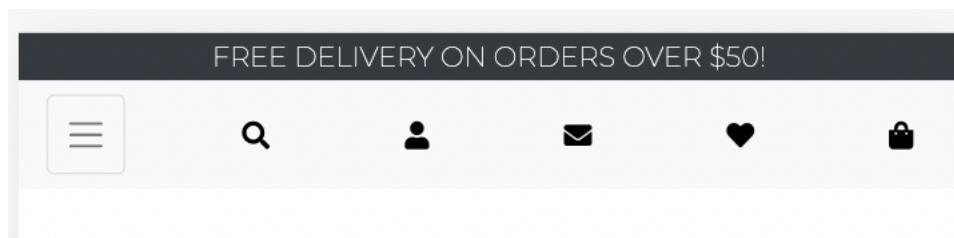

Navbar – Not log in

Navbar – Small Screen without log in:

Navbar – Small Screen log in:

Logo

- Expectation: When the user clicks the logo, they will be redirected to the homepage. But it disappears on the small screen. The option is replaced by the “home” tab on the top left burger menu.
- Test: Try every page on the big screen. When I click on the logo, the page gets redirected to the home page. I also tried the top left burger menu on the mobile screen with the “home” tab.
- Result: Worked as expected.

The Logo:

Example: Logo on Profile page:

A screenshot of a website's profile page. At the top, there is a navigation bar with links for "ALL PRODUCTS", "PLANNERS", "BULLET JOURNALS", "NOTEBOOKS", and "ACCESSORIES". Below the navigation bar, the text "MY PROFILE" is centered. Underneath "MY PROFILE", there are two sections: "DELIVERY INFORMATION" and "ORDER HISTORY". The "DELIVERY INFORMATION" section contains a text input field with the number "13916701511" and a smaller, partially visible line of text below it. The "ORDER HISTORY" section shows a single order entry with columns for "Order NO.", "Date", "Items", and "Total". The order details are: Order No: 13916701511, Date: 12/10/2020, Items: Muji Recycled Paper Bind Plain Pocket Notebook, Total: \$10.00.

Example: Logo on Product Page:

A screenshot of a website's product page. At the top, there is a navigation bar with links for "ALL PRODUCTS", "PLANNERS", "BULLET JOURNALS", "NOTEBOOKS", and "ACCESSORIES". Below the navigation bar, the text "PRODUCTS" is centered. There are four product cards displayed: 1. "Muji High Quality Paper Double Ringed Ruled Notebook" (black cover). 2. "Kokuyo Soft Ring Notebook" (black cover). 3. "Muji Planting Tree Paper Bind Ruled Notebook 5 Pcs Set" (stack of five notebooks in various colors). 4. "Muji Recycled Paper Bind Plain Pocket Notebook" (yellow cover with a red mark).

Free Delivery Banner

- Expectation: It appears on every page to push sales.
- Test: Try on both big and small screens and every page.

- Result: Worked as expected.

The banner:

Example: Banner on Profile Page:

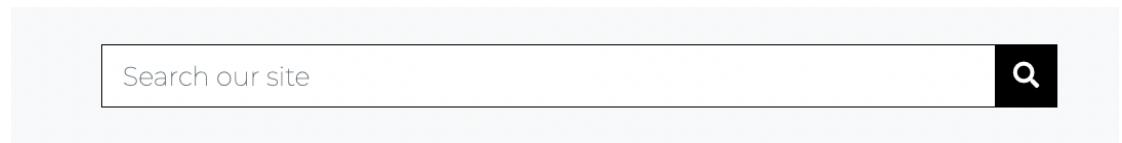

Example: Banner on Product Page:

Search Bar

- Expectation: On the big screen, the search bar shows at the top of the page. Users can type keywords in it and search. On small screens, the search bar will be shrunk into an icon. When the user clicks it, the search bar shows.

- Test: Try on both big and small screens.
- Result: Worked as expected.

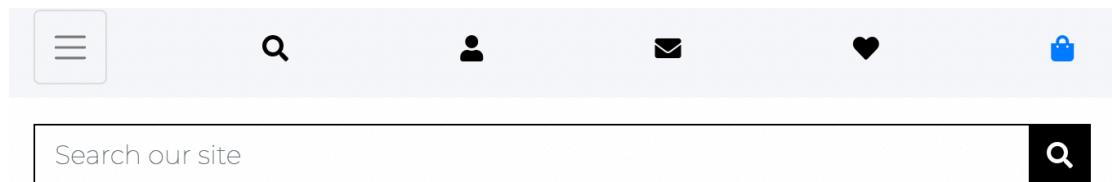

Search Bar on Big Screen:

Search Bar on Small Screen:

Search Bar on Small Screen when click, with search bar showing under:

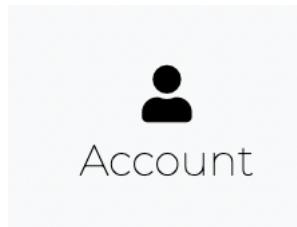

Account Icon

- Expectation: This icon shows on every page. On big screens, it shows with text under it says “Accounts,” but no text on smaller screens. It is a dropdown menu. When the user clicks this icon, there are options for login user

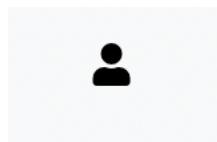

to view their profile and log out. For not login users, there are options for logging in and registering. The users will be redirected to the pages according to what they clicked on in the menu. There is also a “Product Management” option in the menu for superusers only.

- Test: Try on both big and small screens, log in or not log in.
- Result: Worked as expected.

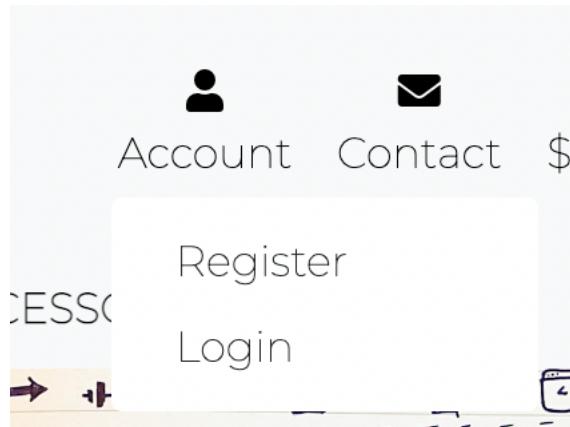

Account Icon on Big Screen:

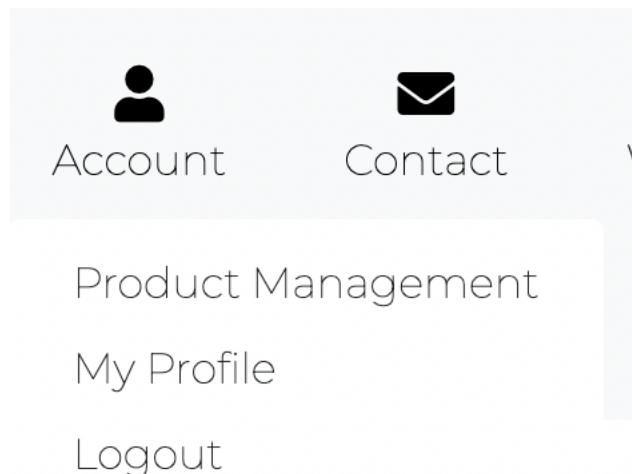

Account Icon on Small Screen:

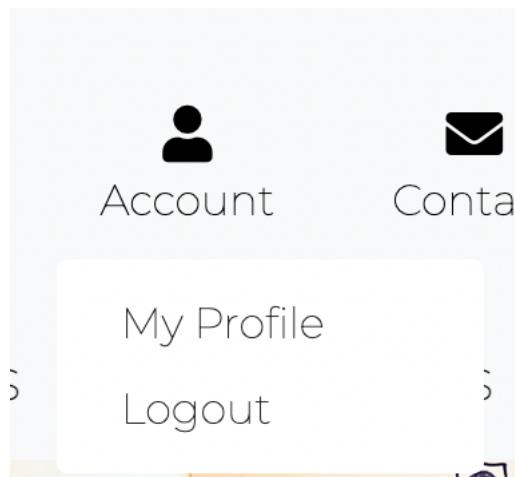

Account Icon – Dropdown menu without login:

Account Icon – Dropdown menu superuser login:

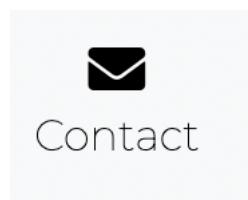

Account Icon – Dropdown menu user login:

Contact Icon

- Expectation: This icon shows on every page. It is linked to the contact page. Any user on the site can see it. Like the Account icon, there is a text under the icon it says “Contact” on the big screen, not on small screens.
- Test: Try on both big and small screens, log in or not log in.
- Result: Worked as expected.

Contact Icon on Big Screen:

Contact Icon on Small Screen:

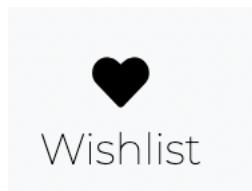

Wishlist Icon

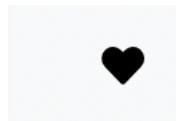

- Expectation: This icon shows on every page only if the user is logged in. It is linked to the wishlist page. ALike the Account icon, there is a text under the icon it says “Wishlist” on the big screen, not on small screens.

- Test: Try on both big and small screens, log in or not log in.
- Result: Worked as expected.

Wishlist Icon on Big Screen:

Wishlist Icon on Small Screen:

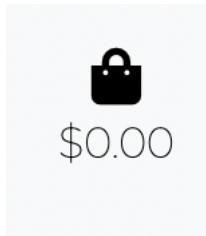

Shopping Cart Icon

- Expectation: This icon shows on every page. It is linked to the user's shopping cart page. Like the Account icon, there is text under the icon indicating the current total in the shopping cart. If there is no product in the cart, it shows "\$0.00" on the big screen, not on small screens. So to let users know that there is something in the shopping cart, the cart icon will turn blue on the small screens.
- Test: Try on both big and small screens.

- Result: Worked as expected.

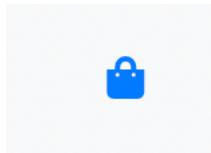

Shopping cart Icon on Big Screen:

Shopping cart Icon on Small Screen:

Shopping cart Icon turn blue on Small Screen when there is product in it:

Main Nav

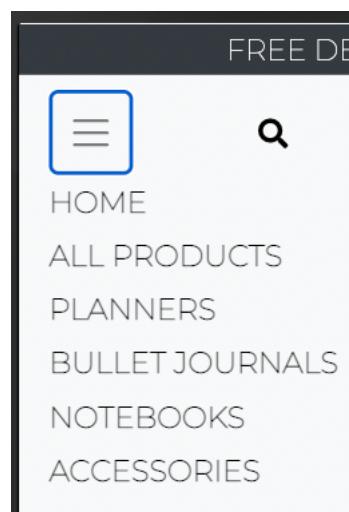

- Expectation: The nav breaks into four parts under the header on the big screen. They separated the products into different categories, and the first “All Products” dropdown menu contains options for users to view items by category, brand, and price. On small screens, these options are in the top left burger button.

- Test: Try on both big and small screens.
- Result: Worked as expected.

Main Nav on Big Screen:

Main Nav folded in to burger menu on Small Screen:

Homepage Body

- Expectation: A background picture is on the center of the screen, with a button “Shop Now,” which links to the product page.
- Test: Try on both big and small screens.
- Result: Worked as expected.

Homepage Body on Big Screen:

Homepage Body on Small Screen:

Footer

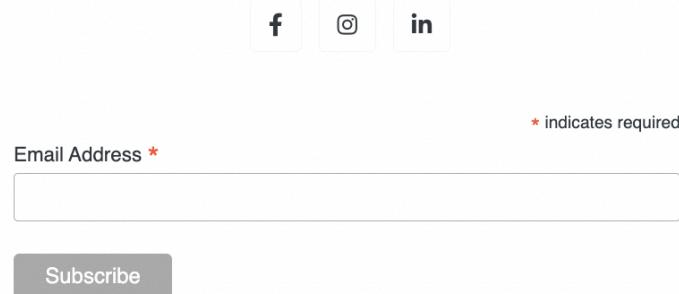

- Expectation: It shows on every page. Stick to the bottom.

There are three social account icons listed on top of the

footer. Users can click on them and be redirected to those pages. Next is the newsletter input field connected to the site owner's MailChimp account. The owner will have the information whenever users send their email address from that box. Under the newsletter are two links, "About Us" and "Shipping Policy," which contain information about the online store. The very last part is the copyright.

- Test: Try on both big and small screens and every page.
- Result: Worked as expected.

Footer on Big Screen

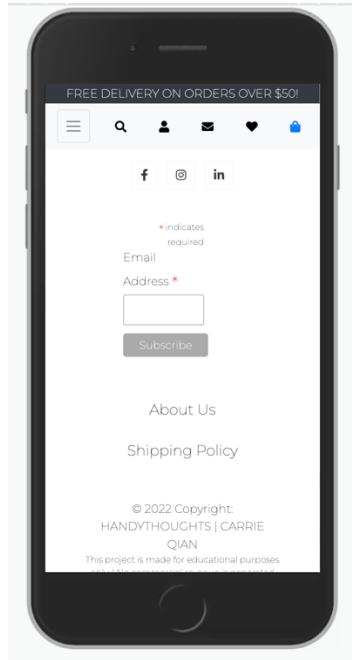

A screenshot of a website footer on a large screen. At the top right, there are three social media icons: Facebook (f), Instagram (@), and LinkedIn (in). Below them is a red asterisk followed by the text "indicates required". A text input field labeled "Email Address" with a red asterisk is centered. To its right is a "Subscribe" button. At the bottom of the footer, there are two links: "About Us" and "Shipping Policy".
